

Elmwood Park CUSD 401

Before and After School Extended Care (B.A.S.E.C.) Program

District 401 has made a commitment to continue to offer before and after school care at John Mills and Elmwood Schools for the 2010-2011 school year. We know how valuable and necessary such care is to working parents.

In addition to providing a safe environment, the goal is to also provide an enriching environment. The B.A.S.E.C. Program provides such an environment and is also more cost effective for **both** the parents and the district.
